

Dear student,

Are you a (bio)medical student and interested in learning about the latest (bio)medical research?

The International Student Congress Of (bio)Medical Sciences (ISCOMS) is the world's leading student congress in the field of (bio)medical sciences. The 32<sup>nd</sup> edition of ISCOMS will take place **from the 2<sup>nd</sup> until the 5<sup>th</sup> of June 2025**.

ISCOMS kicks off with an engaging pre-course day focused on developing your research skills. The following three congress days feature an inspiring programme, including student research presentations, hands-on workshops, and masterclasses centered on cutting-edge topics such as personalised medicine, next-gen technologies, and global health equity. In addition, we're thrilled to welcome five renowned scientists to deliver inspiring keynote lectures.

The keynote lectures from world renowned speakers will include **Prof. Svetlana Mojsov, PhD, Prof. David Huang, MD, PhD, Prof. Peter Hegemann, PhD, Prof. Hans Clevers, MD, PhD and Prof. Awa Marie Coll-Seck, MD, PhD**

On top of all this, we will host an exciting social programme to give participants a chance to broaden their networks and get to know each other!

If you're excited to learn from award-winning scientists, participate in hands-on workshops, and grow your international network, head to our website: [www.iscoms.com](http://www.iscoms.com). **Registration opens on the 17th of February 2025, so don't miss your chance!**

If you have any questions or looking for more information you can always send an e-mail to [iscoms@umcg.nl](mailto:iscoms@umcg.nl)

Kind regards,

Charlotte Dortland and Tom Karelse
